

# DISSSENT! G8

NETWORK OF RESISTANCE AGAINST THE

# Gathering

Edinburgh: Fri 17<sup>th</sup> - Sun 19<sup>th</sup> Sept 2004

The **G8** (Group of Eight most industrialised nations) Summit will be held at the **Gleneagles Hotel** in **Perthshire**, about 40 miles/70 kilometres away from Edinburgh, in **Scotland** from **Wed 6th - Fri 8th of July 2005**. In past years, everywhere they have tried to meet there has been a massive response from the world's social movements. Now, in Britain, a network of groups and individuals is emerging to resist the Summit and form a lasting network against capitalism.

'Dissent! A Network of Resistance Against the G8' was formed at the end of November 2003. So far, those involved within the Network have produced publicity and information materials and put together road shows to educate and empower.

Actions have been taken in solidarity with the resistance to the 2004 G8 Summit in the US, and networking with European social movements has begun. Around fifteen Dissent! Network affiliated local groups and Info-points have been set up across the UK.

G8 Summit: Wed 6th - Fri 8th, July 2005 at Gleneagles Hotel, Perthshire, 40 miles from Edinburgh, Scotland

Those involved with the Dissent! Network take a confrontational stance, calling for direct action against the summit, its symbols and infrastructure. The Network has no leaders or official membership list; it is open to anybody who agrees with our aims, with the hallmarks of the Peoples Global Action as a starting point.

The next Dissent! Gathering will take place in Edinburgh on, Friday 17th - Sunday 19th September 2004. Come along and get involved!

## PGA Hallmarks:

- 1) A very clear rejection of capitalism, imperialism and feudalism; all trade agreements, institutions and governments that promote destructive globalisation.
- 2) We reject all forms / systems of domination and discrimination including, but not limited to, patriarchy, racism and religious fundamentalism of all creeds. We embrace the full dignity of all human beings.
- 3) A confrontational attitude, since we do not think that lobbying can have a major impact in such biased & undemocratic organisations, in which transnational capital is the only real policy-maker.
- 4) A call to direct action and civil disobedience, support for social movements' struggles, advocating forms of resistance which maximise respect for life and oppressed peoples' rights, as well as the construction of local alternatives to global capitalism.
- 5) An organisational philosophy based on decentralisation and autonomy.
