

HOPE not Hate

Kirklees Unity Day of Action

The BNP have said they will put up candidates in every ward in Kirklees.

The day of action will be hosted by Kirklees Unity, a broad-based group drawn from the local community. The aim of the day is to bring together a large number of anti-fascists to distribute an eight-page

Searchlight election special newspaper that will feature local issues as well as take a look at the criminal BNP nationally.

Please pass on this call to your friends, neighbours and colleagues and join with us in making Kirklees a no go area for the Fascists in the BNP.
